LIFE STUDY:

### FAITH FOR TOUGH TIMES

It's important to trust God even when it's not easy. We'll encourage our members to trust God during tough times at home, at work, or with friends.

For more information about our special needs ministry programs and applications go to [churchonthesound.org](http://churchonthesound.org) and click on other ministries or email Yvonne Sanchez at [info@churchonthesound.org](mailto:info@churchonthesound.org)

Parents can enjoy a 3 hour break as their teen and young adult children socialize in a fun and safe church environment.

Our program is appropriate for teens and young adults with intellectual and developmental disabilities, who have the ability to communicate their needs, follow directions, behave appropriately with others, care for their own personal needs, have mobility and require no medical assistance.
